17th April 2015

Adult Competitions Review Update

Further to the RFU Council meeting today, where the Adult Competition Review was discussed, we would like to update you on the following outcome.

While the Adult Competition Review and all its recommendations were passed by Council in June 2014, it was thought prudent to take into account recent feedback. This predominantly concerns 1st XV league and RFU Cup rugby. The Adult Competition Review also made recommendations, which were approved, regarding the organisation of rugby for 2nd and lower XVs, as well as for student competitions and other forms of the game, namely touch and sevens.

As a result of the above, a resolution was passed to **delay** the implementation of the recommendations of the Adult Competition Review concerning 1st XV league and RFU Cup rugby by 12 months to undertake further consultation, including a detailed club and player survey. With this in mind the revised structured season for 2015/2016, with full details, will be forthcoming shortly.

The RFU Council reiterated their commitment to recommendations concerning 2nd and lower XV rugby, student competitions, sevens and touch to continue to be implemented in accordance with the agreed original timetable.
